

The Philadelphia Trip

December 28-30, 2008

Pursue justice. Make a difference.

פִּרְסוּ דָּבָר קָדוֹשׁ
Justice, justice, you shall pursue
~ Deuteronomy 16.20

Guided by our Jewish values and our collective responsibility to care for people in need, the Philadelphia Trip explores the social problems related to homelessness and hunger, meeting the people who are affected by them every day.

The Philadelphia Trip is designed for Jewish teens in grades 8-12 who are interested in social action, leadership and putting the value of *tikkun olam* - repairing the world - into action.

In Philadelphia we learn about and are inspired by the story of Trevor Ferrell. At age eleven, his compassion became a campaign to help people who are homeless.
